General Information Form Instructions

❖ Additional information is available on MCAQ's web site to assist you with this inventory including:

- a list of Standard Industrial Classification (SIC) codes.
- a list of North American Industry Classification (NAICS) codes.
- a list of regulated air toxic pollutants (HAPs and TAPs).

The specific web site is <https://www.mecknc.gov/luesa/airquality/permittingregulations/pages/airtoxicsinventory.aspx>

❖ The **Responsible Company Representative** should be:

- For a corporation: a president, secretary, treasurer, or vice-president of the corporation in charge of a principal business function, or any other person who performs similar policy or decision-making functions for the corporation, or a duly authorized representative of such person if the representative is responsible for the overall operation of one or more manufacturing, production, or operating facilities applying for or subject to a permit and either:
 - The facilities employ more than 250 persons or have gross annual sales or expenditures exceeding \$25 million (in second quarter 1980 dollars); or
 - The delegation of authority to such representatives is approved in advance by the permitting authority;
- For a partnership or sole proprietorship: a general partner or the proprietor, respectively;
- For a municipality, State, Federal, or other public agency: Either a principal executive officer or ranking elected official. For the purposes of this part, a principal executive officer of a Federal agency includes the chief executive officer having responsibility for the overall operations of a principal geographic unit of the agency (e.g., a Regional Administrator of EPA); or
- For affected sources:
 - The designated representative in so far as actions, standards, requirements, or prohibitions under title IV of the Act or the regulations promulgated thereunder are concerned; and
 - The designated representative for any other purposes under 40 CFR Part 70.
